I have received a conditional offer letter, what is this?

This means that you have been accepted on to the programme, pending producing further information to support your application.

The further information needed will be detailed on the conditional offer letter.

Yes, a maximum of three exemptions may be granted on the basis of comparable modules successfully completed at postgraduate level.

What are the criteria applied to award an exemption?

There are 3 criteria:

- **Size:** The module you passed and are using to seek an exemption from must be 10 ECTS credits
- **Content:** Coverage on both modules must be predominantly the same

How do I apply for an exemption?

If you think you meet the above criteria then you should contact the programme manager to discuss this further at:
